

August 26, 2004

Lease Statistics (July 2004)

The total lease transaction volume in July 2004 was 632.3 billion yen, increased by the rate of 8.5% compared to the same month of the previous year. It has been showing strong growth since last month.

As to the type of equipment, almost all equipment marks positive growth or has the tendency to recover the respective volume. Especially, construction (25.2% up), office (22.4% up), and industry (20.0% up) equipment have record outstanding growth. Others are also in steady growth; factory (12.7% up), which shows double-digit increase, transport (5.1% up), commercial and service equipment (10.4% up), and medical (2.6% up) equipment. However, information equipment (4.6% up) has just shifted to increase for the first time since last March, although computers and related equipment (0.2% down) kept negative growth.

The cumulative total of the lease transaction volume from April 2004 to July 2004 was 2,441.3 billion yen, increased by the rate of 2.7% compared to the same period of the previous year.
